BAKER SAYS HIS STATEMENT WAS ON OWN OPINION

Secretary of War Says Statement Was But His Own Opinion

MUCH PRAISE FOR NAVY

"Summer Camps in South May Be Too Hot for Soldiers"—Baker

(Associated Press Leased Wire.) Washington, Feb. 6.—When Secretary Baker came up for cross examination today before the Senate Military Committee on his statement that there would be 500,000 American troops in France early this year, and a million more before winter, a hitch developed as to whether it would be proper to have the Secretary answer such questions in public.

While the senators were discussing whether to continue in public or go into private meeting, Secretary Baker explained that perhaps he had been unfortunate in making his original statement to the country by giving his general opinion rather than the exact facts and details prepared by experts having the subject in charge.

He proposed that he be permitted to prepare such a statement to present to the committee and report for cross examination later.

Secretary Baker said he had not determined whether troops would be kept in the southern camps next summer. If the summer weather was as extreme as this winter has been, he said, some would have to be moved.

American tonnage losses, Secretary Baker said, have been exceedingly light. "The service the navy has rendered in the protection of the army," he said, "has been unexampled."

Urges Legislation
Secretary Baker gave the opinion that new legislation would be desirable to give the President general powers to transfer and coordinate functions of various departments as conditions arise.

Power to Stettinius
Possibility that the actual purchasing power for the war department may be largely placed in the hands of Edward R. Stettinius, surveyor general, was indicated by Secretary Baker. "Mr. Stettinius is relied upon to do this thing," he said.

MORATORIUM BILL PASSED

(Associated Press Leased Wire.) Washington, Feb. 6.—The Soldiers and Sailors civil rights bill providing a moratorium for men in the military establishment, was unanimously passed today by the senate, virtually in the form it passed the house.

TEACHERS' INSTITUTE

A number of Lee County teachers will probably attend a meeting of the Whiteside County association at the Morrison high school building tomorrow and Friday.

STOP COFFEE SPECULATION

(Associated Press Leased Wire.) Washington, Feb. 6.—"Speculation in green coffee on the New York covee and sugar exchange was ordered discontinued today by the Food Administration. The prohibition is effected by forbidding dealing in green coffee on the exchange at a price above 8 1-2 cents a pound for type No. 7.

OGLE CO. SUPT. NAMED FOR STATE FAIR SCHOOL

WILL BE ASSISTANT SUPERINTENDENT AT COMING INSTITUTION

County Superintendent John E. Cross of Ogle County has been named as an assistant superintendent of the Boys' State Fair school, which will be held at Springfield, August 16-23, and as such will represent the Thirtieth Congressional district, according to information received today from State Superintendent Blair. Lee County is entitled to two boys at the coming school, one from the rural schools and one from the city schools. Any boy between the ages of 15 and 21 is eligible, and may obtain instructions by communicating with County Superintendent L. W. Miller. He held later, the date to be announced by Mr. Miller.

PLAN TO STUDY TRAFFIC ROUTES

(Associated Press Leased Wire.) Washington, Feb. 6.—During further steps looking to diversion of railroad traffic from the most congested eastern gateways were taken today by Director General McAdoo by appointment of a traffic investigation committee. "This committee," said Director General McAdoo's announcement, "is to make a study of the great traffic currents of the country with a view of determining what steps can profitably be taken in order to shift traffic from the most seriously congested gateways to least congested gateways, and from the more congested ports to the less congested ports."

DEAD MAN IDENTIFIED

The man killed by a Northwestern train at the Bluffs east of Fulton on Sunday night has been identified as William Krumland of Clinton, Iowa. It is believed that worry over the coming draft unbalanced his mind and caused him to wander onto the railroad tracks.

TWO PICKS LOST

During the public snow shoveling bee, held on the streets of Dixon last Monday, two picks, loaned by John Schumm, were lost. The picks do not belong to Mr. Schumm and he is anxious to recover them so he may return them to their proper owners. Finder please leave them at Stratton & Covert's cigar store.

COMMISSIONER IS OUT

Commissioner of Highways James Penny is able to be out again after a two weeks' illness.

CHORUS REHEARSAL

The Elks' chorus will meet for rehearsal at the club at 7:30 o'clock this evening.

FIVE DIXON MEN ARE KNITTING FOR LOCAL CHAPTER RED CROSS

Many Cases of Needed Articles Sent to Headquarters

MAKE BIG SHIPMENT

Interest is growing in the completion of knitted and hospital garments and surgical dressings by the members of the Lee County Red Cross. The auxiliaries have sent to Dixon a number of boxes during the past week, and Mrs. Benjamin, chairman of the knitting department, reports from Tuesday, January 29, to Saturday, February 2, 136 sweaters, 95 pairs of socks, 110 helmets, 87 scarfs and 118 pairs of wristlets received and shipped from the Dixon shop. Nine full cases of hospital garments and surgical dressings were also shipped last week, the fifty suits of hospital garments being made under the supervision of Mrs. McGowan. Dixon has five expert men knitters, who send in knitted articles noted for their excellence.

We also have a patriotic boy, Lyle Gear of the eighth grade, South Side school, who turned in as pretty a sweater, last week, as one would wish to see. He learned to knit while he attended school at Gary, Ind., and has not tired of doing his bit for the soldier boys.

The men of Paw Paw are demonstrating that the women have no monopoly in Red Cross work, as they have formed a class in surgical dressings and are doing excellent work. Mrs. Hawbecker of Paw Paw spent a day, recently, working at the Dixon Red Cross shop.

Soldiers Are Welcome
No one is welcomed more heartily at the Red Cross shop than the soldier. Just a sight of his uniform inspires a degree of interest equaled by nothing else. Sergeant John Rosbrook of Camp Grant was a visitor Saturday, and watched the great boxes being filled with warm woolen garments for the boys. When he looked at the boxes of surgical dressings, which were being started on their way to France, he turned to Mrs. McCleary, his eyes shining with gratitude, and said that nothing helped to cheer the boys more than to know that the Red Cross stands back of them in their needs.

West Brooklyn sent in an especial.

MRS. CHARLES DEY WAS CALLED TUESDAY NIGHT

PASSED AWAY AT HOME IN THIS CITY—FUNERAL WILL BE HELD TOMORROW.

Mrs. Charles Dey passed away at her home, 122 East Everett street, at 10:30 o'clock Tuesday night, death resulting from pneumonia, with which she had suffered ten days. Funeral services will be held at the home at 2:30 o'clock tomorrow afternoon, Rev. F. D. Altman officiating, and with burial at Oakwood cemetery.

Rachael Mary Hayden was born at Fowlerville, N. Y., Aug. 3, 1849, being 68 years and 6 months of age at the time of her death. She is survived by her husband and three brothers, John K. and Don Hayden of this city, and Joseph M. Hayden of Ishpeming, Mich.

LEE CO. TOWNS SHORT OF COAL

While people of Dixon have fortunately been able to secure coal in sufficient quantities to keep warm, the residents of Pawpaw, West Brooklyn and Compton have suffered extremely from the coal shortage and railroad blockade. The Sterling-Shabbona branch of the Burlington has been tied up a great deal of the time during the past three weeks and in the places mentioned coal arrivals did not equal the consumption and timber was purchased and cut to supply the needs of the population. The situation in Dixon remains about the same, consignments received being just sufficient to fill the demands.

TELEGRAM AT LAST SERVICES

Rev. E. C. Lumsden conducted the funeral services of the late Jonathan Plummer, on Monday, at 10 o'clock, at the home of the son, J. P. Plummer. During the service a telegram was received from the Chicago headquarters, Society of Friends, expressing their sympathy to the family upon the departure of a faithful friend, leader and preacher. The body was taken to Chicago for interment in the Graceland cemetery.

AT MASONIC SCHOOL

James K. Lambert of Chicago, a splendid orator, will address the Masonic school in Dixon Friday evening on a war topic, which will be especially interesting.

SOMEWHERE IN FRANCE

The following excerpt from a letter from William Kennedy, son of J. P. Kennedy of this city, written to his sisters from "Somewhere in France," gives The Telegraph great pride, and incidentally should carry a lesson to all for it shows the real pleasure all can give the soldier boys by sending them reading matter. Mr. Kennedy, who is with the Thirtieth Engineers, says:

We are having a great time saving The Telegraph to read that continued story, "The Ranch of the Wolverine."

RAILROADING IN FRANCE DIFFERENT THAN HERE

"Spot" Herrington Tells of Life With Engineers

AMERICAN ENGINES

Interesting details of the work of the Thirtieth U. S. Engineers, recruited from railroad men of the middle west, are doing in France, are given in a letter from F. L. Herrington (Spot) of Dixon, to Postmaster W. L. Hogan. Excerpts from the letter are:

There is a lot of difference between railroading in France than on the old C. & N. W. and I try to tell you about it. At first we had only small French engines to work, but now we are getting American engines. They will pull about 700 tons. The cars will run between 10 and 20 tons each so you can see to have 700 tons we have a lot of cars, with link and pin couplers and no air brakes. All the braking is done by hand with the exception of the troop trains, which are equipped with air.

We work with a lot of Germans trying to put holes through us with machine guns from airplanes. It is not so bad now in the winter, but in the spring we will catch them. There are three or four inches of snow on the ground now, but it is very cold. Yesterday was New Year's day and it was a lot different from last New Year's. We had army stew and beans for dinner. Army stew is the same as a muligan back in the states, but we all laugh and joke about it, for we will have better times coming back home.

If you can get the Trainman's Journal for November you will find a piece there telling where we are and what we are doing—things I cannot write and tell you.

You can talk all you want to about France, but between you and I, I wouldn't trade one block in Goose Hollow for the whole of Europe, and that's saying a good deal.

JOSEPH B. HERMANN DIED THIS MORNING

PROMINENT LEE CO. FARMER OF NEAR SCARBORO PASSED AWAY TODAY.

Joseph B. Hermann, one of the most prominent of Lee County farmers, died this morning at 9 o'clock. His home is east of Scarboro. He was about 58 years of age. Friends and business acquaintances, as well as relatives, mourn the passing of a man of excellent calibre. He is survived by his wife, five sons: Albert, William, Robert, Irvin and Claude, and six brothers, William, Edward, J. B., F. X., August and H. G. Hermann. A daughter and a sister preceded him in death.

He had been at the Aurora hospital for some time.

COLD WAVE IS BROKEN TODAY

Starting with a slight rain during the night the cold wave which has gripped this section for many weeks was broken, today, and a thoroughly chilled populace gave thanks for relief from the bitter cold. The walks and roads were extremely slippery during the early morning hours, and many falls were reported, but fortunately, few of them were serious. Horses which were not sharp-shod were unable to walk until the warming air had melted the ice.

Ralph Horton returned last evening from Chicago, for a visit with his mother, Mrs. Lottie Horton.

ONE HUNDRED MEMBERS IN HUNDRED MINUTES Y SLOGAN TOMORROW

Unique Drive for Recruits Scheduled for Thursday

NEGLECT HOME WORK

The Dixon Y. M. C. A. has planned a membership roundup to recruit new members for the Association tomorrow. During the past four months most of the time of the Association force has been put on army Y work and Red Cross and in consequence the home work has suffered. Therefore, the board decided to put on this drive in the form of a short, sharp canvass for 100 men in 100 minutes. The committee is securing 100 men who on Thursday will promise to give at least 100 minutes to this membership work. If each man gets his man it will give the desired number. The workers are to have a meeting at noon Thursday to check up and "pep" up. Already some of the men have gotten their new members and it is felt that the 100 men will be secured if each man puts forth the proper effort. The personal membership is 411. It is expected that this roundup will put Dixon over 500 and give her the largest membership in the history of the organization. Below are given the men who have already enlisted for the work. Others will be added to fill the ranks:

Dr. Z. W. Moss
George Boynton
C. B. Yonts
W. H. Coppins

DECORATIONS FOR BIG BALL

Will Cahill, who has been engaged to install the electrical decorations for the big informal dancing party, to be given by Dixon Council United Commercial Travelers, at Rosbrook's hall, February 22, is planning to make the electrical effects the most elaborate ever attempted at any similar event in this city. He has secured a number of fine novelties from Chicago for the affair. The committee in charge of the party anticipates the dance will be the feature of the social season, and invitations will soon be issued.

SWIFT RIDE TO STERLING

Passenger train No. 7, on the North Western line, made a remarkable run from Dixon to Sterling this morning, covering the twelve miles, from a standing start here to a full stop at the Sterling depot, in exactly twelve minutes. The train was composed of seven steel cars and was pulled by Engineer Hanley.

Klaus Seibolt of Nelson was a business visitor in Dixon today.

MORE ALIENS REGISTERED

Inquiry at the police station and the post office today showed that the aliens of this community are showing fine spirit in complying with the government's regulations concerning registration. On orders from the War Department it is announced that no information concerning the number or nature of such registrations can be made public.

NEED FIFTY MEN TO COMPLETE DIXON UNIT

GOOD DRILL ENJOYED BY FORTY MEMBERS LAST EVENING

The drill held by Dixon Unit Volunteer Training Corps, last evening, at the Armory, was attended by about forty members and fine progress was made in the elementary work which is being given by Capt. Cushing. Because of poor railroad facilities, Col. Abbott could not get to Dixon for the meeting, and it was announced he will come at some later time.

To insure the success of the unit it is stated that at least fifty more young men must join the company and all men who are interested are urged to communicate with Capt. Cushing or Lieutenants Fruin or Lennon before next Tuesday evening, when the unit will again meet for drill.

INTERURBANS ON AGAIN TOMORROW

Indications at noon today were that the S. D. & E. will not be able to resume interurban service between Dixon and Sterling before noon tomorrow, the snow shovellers who were unable to make any headway yesterday because the wind blew the cuts full as swiftly as they could shovel them out, having reached the Lawton farm in Palmyra at noon. An interurban car whistled in the snow at Sox' corner, two miles east of Sterling, will have to be dug out after the work crew shovels its way that far, and officials of the company could see no chance of reaching the car today.

"LIMITED SERVICE" MEN TO BE HELD

Men who are examined by the local selectors and found "fit for limited service," will not be sent to Camp Grant with the regular shipment of physically fit selectmen, but will be held here awaiting special call. These men will be used in various non-combat branches of the army in capacities which they can fill as well as they do their regular capacities in every day life.

IN RADIO DEPARTMENT

H. M. Breneisa of Cabery, Ill., at one time an employee of the City National bank of this city, entered the service of Uncle Sam today in the Radio department at the Great Lakes training station. Mrs. Breneisa is here for a two weeks' visit with relatives and afterward will join her husband in the city.

AUNT DIED IN IOWA.

Joseph Petersberger has returned from Muscatine, Ia., where he was called by the death of his aunt, Mrs. D. Block.

IS CONVALESCING.

Mrs. A. W. Goodrich is slowly convalescing from a two weeks' illness of bronchitis.

TO HAVE CO. AGENT.

The Whiteside County Soil Improvement association, at a meeting at Prophetstown Saturday, instructed the executive committee to engage a farm adviser as soon as possible.

MILK PRODUCERS WILL AWAIT DECISION BY FOOD ADMINISTRATION ON PRICES BEFORE ACTING

Food Administrator Harry A. Wheeler had a heart-to-heart talk with the 1,500 delegates to the annual convention of the Milk Producers' Association at the Hotel LaSalle yesterday.

Mr. Wheeler appealed to the men who are withholding milk from the Chicago market in protest against the price set by the milk commission, headed by John S. Miller, and promised a rigid reconsideration of the finding.

"My position in the matter is not a particle changed since I met with fifty of you last November," said Mr. Wheeler.

"So far as the food administration is concerned, it has followed step by step the program then agreed upon by the producers and the distributors. A commission was named to set a price. It was left absolutely alone. Its report has been received. "I have nothing to say about the commission's report. You are quite as capable of analyzing it as any group of men. You are better able to do so than I am. I may have some theories. You may have some.

BREST-LITOVSK NEGOTIATIONS ARE BROKEN OFF

Peace Parley Between Russ and Teutons Is Ended, Says Correspondent

U. S. SECTOR ACTIVE

Artillery Duelling Hot on American Front—Repel Enemy Air Craft

(Associated Press Leased Wire.) London, Feb. 6.—The negotiations at Brest-Litovsk have been broken off, the correspondent at Petrograd of the Exchange Telegraph says he is informed.

Reports from Brest-Litovsk in the past few days indicated that a deadlock had been reached on the question of Ukraine. After the Ukrainian delegates had almost completed an agreement with the Germans and Austrians for a separate peace the Bolsheviks sent to Brest-Litovsk new delegates, who they said were the real representatives.

With the Americans

(Associated Press Leased Wire.) France, Feb. 6.—American artillery kept up a continuous fire on the enemy batteries all day Tuesday and the Germans responded with a lively shelling all along the entire sector.

At the time the American anti-aircraft guns were busy repelling enemy attempts to cross over the American lines.

Two German airplanes finally abandoned the attempt after having been shelled heavily.

Red Guards Defeated

(Associated Press Leased Wire.) Stockholm, Feb. 6.—General Mannerheim's forces have defeated the Red Guards and Russians at Uleaborg and captured the city, which is the chief military depot in northern Finland. The battle lasted two days and several hundred were killed in the fighting.

Many Killed in Wreck

(Associated Press Leased Wire.) London, Feb. 6.—A great number of persons were killed or injured in consequence of a collision between a train loaded with Red Guards and a government train sent to intercept them, near Kemli, northern Finland, according to an Exchange Telegraph dispatch from Copenhagen. The trains came together at full speed, all the coaches being smashed.

War Summary.

(Associated Press Leased Wire.) Raising operations and artillery duels are increasing on the western front as the time of the beginning of the spring operations approaches.

Two years ago the Germans began their drive on Verdun with heavy artillery fire, on Feb. 21, while last year the British started at Grandcourt on the Somme front on Feb. 7, and the Germans two weeks later retired from the Ancre, the first step in the retreat of the Hindenburg line.

Our official statements reports great artillery activity. The British have made a successful raid northwest of Ypres and French raiders brought back prisoners in the Artois. German attempts in Champagne were repulsed.

There has been lively aerial and artillery fighting on the American sector northeast of Toul.

All entente airmen have been active.

Joe Sharkey and George Mead have returned from the South.

James McBride has enlisted in the engineering corps and expects to leave soon.

ARE ADVERTISED MEDICINES WORTHLESS?

There is no more reason to condemn all advertised medicines than there is to condemn all physicians or all druggists. Fakes there are in every profession and in every trade, but they do not last long. Take a medicine like Lydia E. Pinkham's Vegetable Compound, the true test of its merit is the fact that for forty years it has been relieving women of America from the worst forms of female ailments, constantly growing in popularity and favor, until it is now recognized from ocean to ocean as the standard remedy for female ills.

The War Savings Plan

Is a plan by which you invest your small savings with the United States Government. You do it by buying War Savings Stamps and Thrift Stamps.

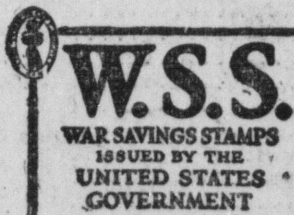

A War Savings Stamp cost \$4.12 in January, and to this price is added one cent for each month since January. The one cent advance each month is to allow for interest the stamp earns.

These stamps as bought are pasted in a War Savings Certificate, which is a folder with 16 spaces for the Stamps. When these 16 spaces are filled put the Certificate away; it is worth \$100, payable Jan. 1, 1923. Then start another.

A United States Thrift Stamp is for investors who want to save but find the War Savings Stamp more than they can spare at one time. The U. S. Thrift Stamp costs 25 cents; you get a Thrift Card from the postoffice or bank, or other authorized agency; no charge for the card. There are 16 spaces on this Card; a place for each 25-cent Thrift Stamp you buy. Sixteen of them make \$4. When the card is full, take it to the postoffice, or bank, or other agency and get a War Savings Stamp; you'll pay the difference, 12 cents for January and one cent more each month during 1918. Paste the War Savings Stamp on the Certificate Card you get with it, and start a new 25-cent Thrift Card. The U. S. Thrift Stamps do not bear interest; the War Savings Stamps do—4 per cent, compounded every three months. The interest is in the convenient form of a monthly increase in the face value of the Stamps. The Stamps are redeemable at their full value, \$5, on January 1st, 1923.

If you need to draw out the money you have saved (don't do it if you don't have to) go to the postoffice and they will tell you what to do, and what the exact value of your investment is on that date, and give you the money.

To Cedar Falls.
Mrs. Shelby Cortright left Saturday to join her husband in Cedar Falls, Iowa, after a lengthy visit here with her parents, Mr. and Mrs. Hollis Prescott.

Club Entertained.
A delightful meeting of the Hol Polloi club was held at the home of Mrs. Frank Forman on Monday evening, with Miss Jessie Wold as the hostess. The evening was spent in knitting, while the members were regaled with music from an Edison disc phonograph. Dainty refreshments were served. The next meeting will be held in two weeks with Mrs. Dave Boos.

With Mrs. Massen.
Members of the Ladies of the Grand Army Circle held a very enjoyable meeting on Monday afternoon at the home of Mrs. George Massen. Plans were made for several entertainments, among which will be the celebration of the birthdays of Washington, Lincoln and other great men whose birthdays fall in February. The day set apart for this is Feb. 18th. A patriotic program will be given on that day at the G. A. R. hall.

A. U. S. W. V. Meeting.
After the regular business session of the Auxiliary, U. S. W. V., held at the home of the president, Mrs. Lotie Horton, a number of the Spanish War veterans joined the Auxiliary members in a pleasant social evening. Games were enjoyed and Mrs. Horton served tempting refreshments. Plans were made by the Auxiliary to hold a social after the Tuesday evening meeting of the U. S. W. V. at G. A. R. hall.

Scramble Luncheon
Miss Florence Noble entertained Tuesday with a scramble luncheon. In the afternoon the guests devoted the time to making of hospital garments.

The ladies are requested to bring thimbles, scissors and other needed material, as there is sewing to be done. A large attendance is desired.

Entertained.
Mrs. Ray Cramer entertained very delightfully Tuesday evening with 500. Four tables were formed and the game was played progressively. Mrs. Louis Schumm won the head prize, a piece of statuary. Delicious refreshments were served when the games ended.

To Camp Grant.
Sgt. John Rosbrook returned to Camp Grant Sunday evening after spending a week's furlough at the home of his parents, Mr. and Mrs. Tryon Rosbrook, recuperating from an attack of measles. He took with him for the boys of Company M a large box of candy presented by Jas. Clemon and cigarettes and tobacco given by Vaile & Duis. Inquiry by Mrs. Major elicited the fact that some of the boys of Company M, although not Lee county boys, are still without the knitted comforts, and Mrs. Major sent by Sgt. Rosbrook two handsomely knitted scarfs and two pieces of knitted socks, knitted by Mrs. Major, Mrs. Bert Smice and Mrs. Smice, Sr.

While Sgt. Rosbrook was home he visited with his railroad friends in Amboy one day, spent a day with his sister, Miss Mary Rosbrook, in Sterling. Miss Rosbrook and Miss Carmen Watson returned with him on Friday and were dinner guests at the Rosbrook home. On Sunday he was entertained at the Frank Young home.

D. A. R. Meeting.
Members of the Dixon chapter, D. A. R., met at the home of Mrs. Collins Dysart, with Miss Woodbridge as assistant hostess, on Saturday. The large amount of business and correspondence to be dispatched required all the tact and patience of the officers but a pleasant interim was made by Miss Catherine Lahman of Franklin Grove, who was presented as the great granddaughter of a Revolutionary soldier. The young lady also rendered two delightful solo numbers on the piano and responded to an encore. The paper of the afternoon by Miss Anna Pratt on the subject of American Highways was most excellent.

The evolution of highways and vehicles was depicted from the Indian trails to the present era when automobiles roll swiftly over the Lincoln highway from ocean to ocean. Men who have studied both declare that the Lincoln highway will outdistance the Panama canal in direct and tangible value to people living in this country. The paper closed with a tribute to the society, D. A. R., by Hon. Wm. P. Borland in a speech before the House of Representatives.

"True to great historical inspiration of their body, they are devoting themselves to the preservation and perpetuation of those historical trails which deserves the enthusiastic response of the nation in their self-imposed tasks."
For current events, Mrs. Sprout told of the transcontinental railroad in Australia.
A social hour over the tea-cups was enjoyed before the guests took their departure.

Making Your Own Atmosphere
"Atmosphere" is created by interesting people, interesting activities and interesting FOOD. There is certainly no need for people to complain of lack of atmosphere when they can create it by cooking such interesting things as these, found in the United States Food Administration's recipe box:

Jugged Chicken
To 2 tablespoons flour add a seasoning of salt, pepper, onion juice and sage. Cut a fowl in pieces as for frying, dip each piece in the flour and pack solidly in an earthen bean pot. Cover with sweet milk and cook until the chicken is tender.

Prairie Bread
1-2 cup cornmeal
1-3 teaspoon salt
1 tablespoon vegetable oil
1-3 cup boiling water
1 1-2 cups rye flour
4 teaspoons baking powder
3-4 cup milk
1-2 cup chopped nut meats
Put corn meal into a bowl, add the salt, oil, and boiling water. Mix. Let stand twenty minutes. Now add flour mixed with baking powder and milk and nuts. Mix lightly, pour into well greased pan; let stand in a warm place twenty minutes. Bake in a mod-

erately hot oven. Do not cut until cold.

Meatless Mince Pie
1-2 cup rice
1-2 cup seeded raisins
1-2 cup currants
3-4 cup corn syrup
2 tablespoons chopped orange and limeon peel
1 tablespoon cooking oil
1-2 teaspoon mixed spice
Cook the rice in water until soft, drain. Add to the rice the raisins, currants, corn syrup, chopped orange and lemon peel, oil and spice. Mix well. Line a pie pan with rye pastry and fill with the above mixture. Cover with a top paste and press edges together. Brush over with the white of an egg, if desired, then dust with brown sugar and bake in a quick oven.

Rye Crust
1-3 cup fat
1 cup rye flour
1-2 teaspoon salt
Water or whey.
Cut the shortening into the flour and salt. Make a stiff dough by adding water or whey to the mixture. Roll out the crust in white flour. Bake in moderate oven.

50th Wedding Anniversary
Relatives, neighbors and friends from Marshalltown, Iowa, joined in helping Mr. and Mrs. Chas. Eckles of Taylor township celebrate their 50th wedding anniversary Saturday, Jan. 11. It was planned that Mr. and Mrs. Eckles would hold informal reception both afternoon and evening but on account of the severe weather and snow drifted roads, the evening festivities were abandoned.

The Eckles home was artistically decorated with yellow roses and narcissus, and refreshments were served during the afternoon by Mesdames O. C. Sowles and Herbert Eckles, daughter and daughter-in-law of Mr. and Mrs. Eckles.

Mr. and Mrs. Eckles have rounded out the half century of their married life on the farm on which they still reside, five miles north of the city. Their marriage occurred in Lee county, Ill., Jan. 12, 1868, a little more than three years after Mr. Eckles had completed almost four years of service in the civil war.

Mr. Eckles enlisted at Prairieville as a private in Co. D, 34th Ill. Inf., Aug. 16, 1861 and before he had an opportunity to see any active service was made a sergeant, and later became captain. His first baptism of fire was at the battle of Shiloh, April 6-7, 1862. He was in every skirmish and battle in which his company participated with one exception, and that was when he was seriously ill at Murfreesboro, Tenn.

Captain Eckles was discharged from the service on July 20, 1865, at Chicago.

Mr. Eckles is a native of England, having been born at Hull, Yorkshire, Sept. 2, 1840, a son of Marmaduke and Hannah Leavitt Eckles. Young Eckles was nine years old when his parents came to this country and settled on a farm in Lee Co., Ill., five miles west of Dixon.

Mrs. Eckles was a native of Lee county, having been born Elvira A. Powers, at Prairieville, Nov. 29, 1842, a daughter of Abijah and Amanda Sprout Powers.

Mr. and Mrs. Eckles are parents of four children, all of whom are living. They are: Walter Eckles, who is in the telephone business, Nora Springs, Iowa; Clarence Eckles, head of the dairy department of the University of Missouri, Columbia; Herbert, who farms the home place, and Mrs. Orrin C. Sowles of Taylor township. Mr. Eckles has a brother and sister living, Marmaduke Eckles of San Diego, Cal., and Mrs. E. C. Weinherben of Marshalltown, Iowa. Mrs. Eckles has two brothers living. They are Warren F. Powers of Sterling and Austin A. Powers, who lives on the old Powers homestead at Prairieville. Anson Thummell of Sterling is a brother of Mrs. Austin Powers.

Mr. Eckles has represented his home county in both the Senate and legislature. He served four years in the legislature as a member of the 21st and 22nd general assemblies and was in the senate from 1904 until 1908, as a member of the 30th, 31st and 32nd assemblies.

Mr. Eckles has devoted much time during his long career as a farmer to the breeding of fine livestock, especially the breeding of Shorthorn cattle. Although not actively engaged in farming he is still keenly interested in the development of his farm. Mr. Eckles is director of the First National bank of Marshalltown.

Many of the older residents of this vicinity know this estimable couple and wish them many happy anniversaries.

Presbyterian Auxiliary.
A pleasant meeting of the Woman's Auxiliary of the Presbyterian church was held on Thursday evening at the home of Mrs. A. L. Livingston. Mrs. Richardson and Miss Selby assisted the hostess in entertaining and in

serving the excellent refreshments. There was little business, so the evening was given over mainly to sociality; 25 members were present and, of course, most of them had their knitting. Miss Helen Brown read from Holtzclaw's book, "The Black Man's Burden," several interesting chapters.

Willing Workers Met.
The Willing Workers class of the Grace, Evangelical Sunday school held a meeting Monday evening at the home of Miss Gladys Daehler. The monthly business session was held and later tempting refreshments were served by the hostess.

Basket Social.
Invitations have been issued by the Masonic orders to a basket social and grand opening to be held at the Masonic hall next Monday evening, the affair to mark the re-opening of the lodge quarters after their recent redecoration. To raise funds to pay for this is the purpose of the affair. Fruin and Rutt will be the auctioneers and E. S. Rosecrans will clerk the sale.

Appreciated Comforts.
Mrs. Banker of Franklin Grove called in Dixon yesterday and delivered to Mrs. M. D. Grimes the thanks extended by Bernard Ruthowski, Co. F, 132 Inf., Camp Logan, Tex., for the sweater, helmet, socks and wristlets knitted by Mrs. Grimes and sent by Mrs. Banker to him. He said that during the cold spell which struck Houston he found the knitted articles most comfortable and really would not have known how to have gotten along without them. He said that during the various distributions of such articles he had always been unfortunate enough not to receive any and was deeply grateful for those sent. Mrs. Banker's two little daughters keep the young soldier in touch with Franklin Grove by writing to him.

Cottage Prayer Meeting.
The cottage prayer meeting of the Baptist church will be held this evening at 7:30 o'clock at the T. J. Miller home, 203 W. Everett street.

L. O. O. M. Meeting.
A very important meeting of the Loyal Order of Moose will be held at the Moose hall this evening at 8 o'clock. A large attendance is desired.

Surprised U. T. C.
Members of the Auxiliary, U. T. C., perpetrated a most delightful surprise on the men of the U. T. C. Saturday evening by going to the club rooms at Miller hall after the business meeting of the U. T. C. and serving hot coffee and cake. A delightful social evening was passed. Charles Hill, at the close of the supper, treated the ladies to chocolates and the men to cigars. Between thirty and forty were present.

For Tenth Birthday
For the tenth birthday of her little daughter, Elizabeth, Mrs. Roy Crabtree entertained fifteen little girls on Saturday afternoon with a birthday luncheon. During the hours of 2 to 5 a happy time was passed in playing games. Prizes were given to Gladys Hoyle, Cecile Covert and William Zoeller for the most clever answers in a contest. Music was also enjoyed. Mrs. James Mayborn.

joyed. The dainty two course luncheon was served by Mrs. Crabtree from a table gay with Valentine hearts and a birthday cake bearing ten red candles. Individual candy receptacles were also ornamented with the red hearts. The effect was most pretty and greatly appreciated by the little guests.

Phidian Art Club.
The Phidian Art club held a pleasant meeting yesterday afternoon at the home of Miss Anna Gelsenheimer. Miss Eleanor Coppins gave a piano solo that was greatly enjoyed, a double number, Liszt's Maid of the Ganges, and MacDowell's brilliant Hungarian.

The paper of the afternoon on South American Architecture was read by Mrs. Bardwell and was illustrated with many pictures. Mrs. Bardwell showed how the architecture of a country is based on its history. The early settlers of South America being Spanish, the towns are laid out in Spanish style around a central plaza, surrounded by the principal buildings and adorned with flowers and shrubs. The houses, like Spanish houses everywhere, are built around a patio or central court on which all doors open and which is the place of family life. In Cusco the Spanish architecture is superimposed upon the ancient Inca masonry. In Lima the latter occupation of Spain, offers a suggestion of the Orient.

Much foreign influence is shown in the newer architecture. Corinthian and Ionic columns show the Italian influence. In all the large cities broad streets and fine new buildings have replaced narrow alleys and dingy structures. Rio Janeiro and Buenos Ayres are especially modern and beautiful. A few old buildings with red tiled roofs, latticed balconies, and gaily tinted stucco lend a charm of ancient days; but the story of architecture here is mostly a story of the upheaval of the old, the widening of streets, the multiplication of parks and drives, the charm of gardens, the enhancing of natural beauty, and the arrival of modern comfort.

M. E. Foreign Missionary
A meeting of the Woman's Foreign Missionary society of the Methodist church will be held Thursday afternoon at the home of Mrs. Thomas Leake, 403 Third street. All women of the church and congregation are cordially invited.

Entertained Club.
The old time "deestric" school again had its innings on Tuesday evening when Miss Eleanor Powell entertained the members of the I. C. U. Knit-a-bit club at her home. While the members knitted more than a bit they enjoyed the delights of spelling down and of answering clever conundrums along school lines. Miss Edna Nowell was head of the class in geography by the common consent of all present. The evening ended with an old-fashioned singing, with Mrs. L. W. Miller at the piano. On next Tuesday evening the club members will gather at the home of Mrs. Helen Murray on West Third street.

To Visit In Polo.
Mrs. Ray Briscoe will go to Polo on Friday to spend a week with her sisters in a contest. Music was also enjoyed. Mrs. James Mayborn.

At Dinner
Mrs. Wm. Bushey of Palmyra entertained at dinner today Mrs. E. A. Covert, Mrs. Harvey Eggericks and Mrs. S. A. McGaffey.

Returned to Ohio.
Mrs. Thomas J. Burke of Ohio has returned to her home after a visit at the home of Dixon relatives, including Mr. and Mrs. John Loftus.

For First Birthday
The first birthday anniversary of little Eloise Slothower, daughter of Mr. and Mrs. E. C. Slothower, was made a happy occasion for many little tots who went with their mothers to the Slothower home in response to invitations issued for Tuesday afternoon. Dainty refreshments were served the little ladies and gentlemen, all in the colors of pink and white. Beautiful gifts were showered on little Miss Eloise, with the best wishes of all the little guests.

C. C. Circle.
A silver tea will be held at the home of Mrs. J. H. Dunavan on Friday afternoon, sponsored by the C. C. Circle.

NEW WAR LEGISLATION
(Associated Press Leased Wire.)
Washington, Feb. 6.—Coinciding with steps already taken by President Wilson and Secretary Baker to further reorganize the war department in answer to the demand for a munitions director, a bill drawn with the approval of the president was introduced today by Senator Overman with the object of removing statutory limitations which now prevent the co-ordination and redistribution of powers in the government departments.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Lost Nationality

By Frank O. Lowden, Governor of Illinois.

We have been going on so well that we cannot conceive of anything happening that will destroy our nationality. It has been my official duty during the last few months to address different audiences of peoples whose nationality had been lost; in one instance, one hundred and fifty; in another, two hundred and fifty, and in one, two thousand years ago. I want to tell you that our flag may not seem the most precious thing in all the earth to you today, but if we lose our nationality, all the future generations will look back to the time when we enjoyed its protection, as the most precious thing the earth has ever held. In the case where the descendants for two thousand years had wandered around the earth, the national spirit of their forefathers was burning in their hearts with as much brilliancy as it ever had in their ancestors. The spirit of nationality does not die. Last Sunday the War Mission of Serbia was visiting Chicago. I attended that meeting. It was the most impressive I ever saw. Serbia is a country of fewer than four million people, a population but a little more than half of Illinois, with an heroic past—a nation that before Columbus first set his foot upon our shores turned back the invading Ottoman hordes and saved the Christian civilization of Europe, possibly for all time. A little nation that fought Austria successfully in the earlier stages of the war and that did not yield until Germany and Bulgaria came to Austria's assistance, and then a retreat—a little army of 260,000 pursued by three-fourths of a million. The pursuing army not only fought them, but the whole population was being driven out with their little army, and yet they made good that retreat. They escaped—they are in arms again against the enemy. Oh, if you had seen those Serbs of Chicago filling the whole Auditorium, and the people of kindred blood, people like the Bohemians, who had lost their nationality, and like the Poles, whose tragic history you all know. If you had seen those people there on Sunday, you would know what it means to have a country, you would know what it means to lose your national life. That retreat of the little Serbian Army, thank God, one day will be more glorious in history than any victory won in the name of brute force by the Central Empires in this war. One family furnished nine men who had volunteered—nine brothers of one father and one mother, who started, before the sun set on that day, back to Serbia to fight for their native land.

Railroad Passes

Although it had been supposed by many people that most railroad passes had been abolished, yet 100,000 of them have been annulled by Secretary McAdoo's recent order. This is far fewer than the number used at the time when a count on one train is said to have disclosed but two people who were paying fare.

Passes recently held have come under four heads, mostly used within state lines and so not subject to the interstate commerce law: Attorneys representing the railroads before public bodies; persons having political influence whose support is desired; some newspapers, in exchange for advertising and otherwise; employees of the roads.

It would be much better policy for railroad attorneys to pay fare and charge it up to the company when on railroad business. Otherwise there is temptation to use the pass on private errands. Distribution of passes to gain political favor is likely to make more enemies than friends.

Newspaper interstate passes went out as long ago as in 1906 when the commerce law was passed. In Illinois, while intrastate passes or mileage books continue to be legitimate in exchange for advertising, not many publishers consider them worth while, preferring to pay for what they get and receive pay for their advertising, which after all is the only good business basis.

There is no doubt that under the old system prior to 1906 numerous newspapers were influenced when they received passes in exchange for advertising. This was more especially the case with small papers that demanded and received more transportation than their advertising was worth, practically holding up the roads. The suggestion of "We'll be agin you if you don't" was only tacit, but it worked in many cases.

Under the present system, as compared with the old, the railroads are losing much valuable publicity, especially as to timetables and like information for the public. But they are losing it because they are not paying for it, now that it is available on the same basis that it is available to other businesses.

Pacifist Warships

Added to the ubiquitous and supposedly humorous "fordcar," we now have the "fordship." It's to be a standardized warship, a "destroyer" of a small, fast and easily handled type, driven by gas engines and intended as a U-boat chaser. It is now being manufactured in large quantities, to supplement our regular navy destroyers in their work of patrolling the Atlantic, the North sea and our own coast waters.

The general similarity of this craft to the familiar "tin Lizzie" of a million jests is readily perceptible. It is 200 feet long and displaces 500 tons, and seems to bear about the same relation to other warships that Mr. Ford's celebrated vehicle bears to other motor cars. And the most significant thing about it is that it is being manufactured in the same way. Every part is standardized and interchangeable. The process of construction is precisely that of automobiles, sewing machines, cash registers, etc., in any modern manufacturing plant. The vessel starts at one end of the plant, in the form of a keel, and comes out at the other end ready for launching. Mr. Ford is actually doing, with these submarine chasers, what he advocated for the manufacture of merchant ships in the big Atlantic shipyards.

The outcome will be watched with interest. If successful, the process will have a big effect on our general shipbuilding. There is no apparent reason why it shouldn't succeed, in point of multiplied production and in point of effectiveness against U-boats.

The boats represent, too, something more than industrial efficiency. In view of Mr. Ford's personal war record, we might say they represent the last word in practical pacifism. One of these days the irreverent may be calling them "tin Pacifists." It is well that Mr. Ford's strong desire for peace has increased to the point where he is willing to fight for it, instead of sending over peace ships to "get the boys out of the trenches before Christmas."

CAPTURE RUSS CHIEF

Poles Occupy Mohilev and Arrest Krylenko and Staff.

Dispatch Received at Berlin From Kiev Says Bolshevik Uprising Has Been Suppressed.

Amsterdam, Feb. 6.—A wireless dispatch, received at Berlin from Kiev, says that the Poles have occupied Mohilev, the Russian main headquarters, and have arrested Ensign Krylenko, the commander in chief of the Russian bolshevik forces, and his entire staff. The message adds that the bolshevik uprising at Kiev has been suppressed by the Ukrainians.

Advices from Petrograd say that troops of the revolutionary army at Minsk have captured the town of Nijeln, according to a headquarters dispatch. They are now advancing on Kiev, which was recently occupied by the bolsheviks.

Petrograd, Feb. 6.—General Verkhovski, who held the portfolio of war minister during the Kerensky regime, has been arrested, charged with counter-revolutionary activity. Tartar forces have occupied Yalta, in the government of Tantrida, and are advancing on Sebastopol, Russia's chief fortress and naval base on the Black sea. The Tartars are dealing mercilessly with Red guards, sailors and soldiers.

"T. R." UNDERGOES OPERATION

Colonel Suffering From an Abscess—Goes to New York.

Oyster Bay, N. Y., Feb. 6.—Col. Theodore Roosevelt was operated upon several days ago for an abscess, it was learned when he was removed to New York city, where he will be nearer his physicians. A number of engagements have been cancelled.

The colonel remained in bed for only a few days, rising on Monday with the declaration that he felt all right.

When the colonel arose on Tuesday he did not feel so well and, after consulting his physicians, decided to go to New York to be under their direct care.

It was stated that the ex-president's condition was excellent and that he will be about in a week or ten days. The colonel was scheduled to leave here on Saturday and make addresses in Des Moines, Milwaukee and Detroit.

IN BRITISH TRENCHES

American Troops May Continue Study of Warfare There.

Final Consideration in the Matter Has Been Left to the Discretion of General Bliss.

Washington, Feb. 6.—American troops may appear in British trenches on the Flanders front as a result of studies now being made both here and in Europe.

If the prospect suggested is carried out, American units would be passed through the British training system from receiving camps to finishing courses in front-line trenches, drawing supplies and equipment from British sources until graduate battalions were withdrawn for incorporation in General Pershing's army.

The suggestion came from British officials through General Pershing. It is still under consideration at the war department, but final action probably rests on recommendations of General Bliss, who is considering it also in conference with the supreme war council.

The plan is a development of the proposal made at the time of the first meeting of the war council that American troops might be sent to England for training, releasing British forces there for front-line duty. The object sought is to hasten the expansion of the American army in France. By the use of British shipping, training camps and supply lines, it has been urged that General Pershing's force could be supplemented without a proportionate increase in the demand on shipping.

MAKES THREAT OF REPRISALS

Britain Demands Release of Airmen Imprisoned by Germans.

London, Feb. 6.—The Daily Mail announces that the government will notify Germany of its intention to make reprisals unless Germany releases from prison immediately two British air pilots who were recently sentenced by a German court-martial to ten years' imprisonment for dropping propaganda pamphlets inside the German lines.

Why Kidneys Kill

Because they are diseased. Two sound active kidneys are necessary for sound health. They must act as filters, cleansing the blood of the poisonous waste matters taken up in its course through the body. When the kidneys are sound and active they do their filtering work perfectly. When they are weak and diseased they fail to do their task, and the whole human body suffers from it. FOLEY KIDNEY PILLS are just what is needed to make over weak, ailing, aching kidneys into strong, healthy active ones. Start taking Foley Kidney Pills today, and backache, lame back, stiff swollen joints, dull aching headaches and tired all-over feeling will quickly pass away. Regular kidney and bladder action, clean blood, good health, sound sleep, and no more dull weary pains or headaches, will be your sure reward. Your druggist sells them. Remember the name Foley Kidney Pills. They are the best.

SAYS PACKERS CONSPIRED TO DEFAUD U. S.

Examiner for Trade Body Makes
Charges Against Chicago
Firms.

ARMY CONTRACTS INVOLVED

Warrant Issued by Judge Landis for
Seizure of Papers From Lawyer
Alleges Collusion on
War Deals.

Chicago, Feb. 6.—That Chicago meat packers entered into a conspiracy to defraud the United States government by collusive bidding for army and navy contracts was the charge made in a search warrant issued by Federal Judge Landis, empowering Francis J. Heney, counsel for the federal trade commission, and his investigators to examine the records in a vault in the office of Henry Veeder, counsel for Swift & Co.

New Investigation Near.

The charges concerning the alleged conspiracy on the part of the packers relating to government contracts and other accusations were made by Hugh L. McIsaac, special examiner for the trade commission, in an affidavit filed in court, on which Judge Landis issued the warrant, and indicated that another federal grand jury investigation of the packers is imminent.

Mr. Heney declined to discuss possible grand jury action, but the warrant in which was incorporated Mr. McIsaac's affidavit made the direct charge that Swift & Co. had committed five different felonies, which were violations of the Sherman anti-trust law, the old conspiracy law, and sections of the food act and the act creating the federal trade commission.

Alleged Felonies Charged.
Here are the alleged violations of federal laws charged against the packing company:

1. That Swift & Co. engaged in a conspiracy with Armour & Co., Morris & Co., Wilson & Co., Inc., Cudahy & Co., and other corporations, individuals and partnerships to defraud the United States through and by means of collusive bidding upon contracts, to let to the lowest bidder, to furnish the federal government with large quantities of meats, hides, leather, canned goods and other commodities for the use of the military and naval forces of the United States.

2. That Swift & Co. acquired, stored and held, for the purposes of limiting the supply to the public and affecting the market price, meats, canned vegetables, canned fruit, canned fish, poultry, cheese, butter, eggs and oleomargarine.

3. That the packing company willfully made false entries and statements of fact in certain reports pertaining to the ownership and control of its subsidiary corporations, which were required by the federal trade commission by virtue of the act creating that body.

4. That the packing company willfully made false entries in its accounts, records and memoranda of all facts and transactions appertaining to its business.

5. That the company has failed to make full, true and correct entries in its books concerning its actual business.

MILK PRODUCERS AWAIT DECISION

(Continued from Page 1)

in doing just what you like with your milk. You must not destroy it, and you won't. The food law makes it a crime to destroy food. It does not tell you that it must be sold. You have the right to do with it what you will.

"I should be very sorry to see serious inconvenience to the people of food administration, to relieve such a situation. The interest of the public is paramount.

"I can't say that the report will stand until I have heard both sides. If there is nothing in theory the food administration will be the first to discard it. You and I are not going to have any differences. We are trying to find a policy which will work out a price. If we do that you are bound to be satisfied.

"I am neither deaf, blind, nor lacking in understanding. I am anxious to see the creases ironed out. If you are inclined to play the game that way let us play that way.

No Time for Anger.

"Whether the final decision disappoints you, disappoints me or disappoints the people of Chicago, that decision will be the finding of the food administration. It isn't any time for angry speaking. Go on and do what your own hearts tell you it is right to do.

"We will go along and do the same and somewhere we are going to meet, doing the best things that can be done for the dairy industry and the people who must be supplied with milk."

After thanking Mr. Wheeler for his attendance, Secretary W. J. Kittle informed him that the convention had not discussed milk prices.

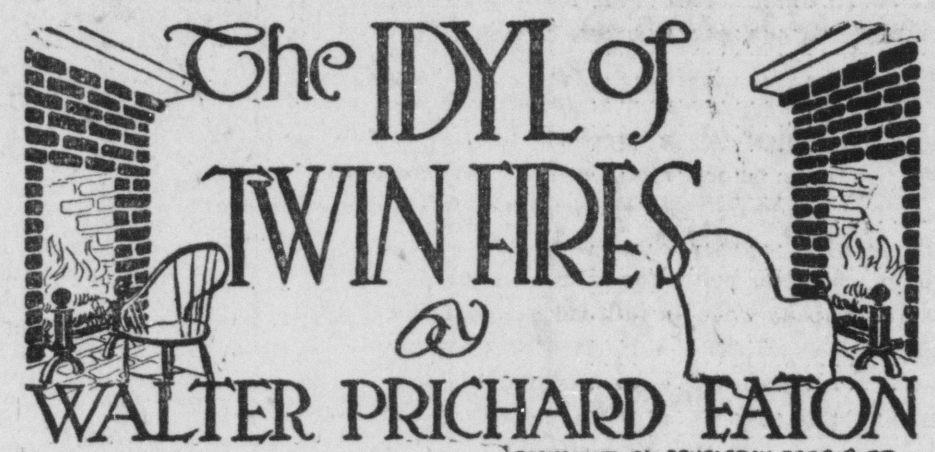

"I informed the convention of the finding of the commission without commending or condemning it and we have appointed a committee to call upon you to present our views," he said.

Miss Annette Dimick and Mrs. Hatten are ill of grippe.

AMUSEMENTS

DIXON OPERA HOUSE

Musical comedies that promote laughter from the rise to the fall of the curtain are more in demand than the sombre sort, and of the former there is not in the amusement field today a more pronounced hit than "So Long Letty" which is coming to the opera house Monday night, Feb. 11th.

Nothing quite so gorgeous, bright and entertaining has been offered within the past few years. There is a very interesting and funny story to its plot, and the production is staged in a lavish manner and presented by clever people whom Mr. Morosco has especially engaged and the performance given makes an entertainment that affords delightful and tuneful orchestration, is full of charm and beautifully rendered by an augmented orchestra, while the song numbers for the most part are of a catchy and ingratiating quality.

"So Long Letty" holds the record for long successful runs in all the principal theatres and is rightly termed a cross-continent success, for it had its birth in Los Angeles, and is now on tour of all the principal cities throughout this country. In addition to the excellent cast of players Mr. Morosco is bringing to this city, there is a chorus of California beauties with a wonderful array of costume creations, the most elaborate ever shown in a piece of its kind, and they are worn by the most shapely and prettiest lot of women that Mr. Morosco has so far corralled for this aggregation.

On account of invoicing at the Campbell drug store, the seat sale will be held at Todd's Hat Store and chart will be opened on Saturday morning.

NELSON.

Had Orpheus Beaten a Mile.

"Dad," said the eight-year-old of the family, "there's a book that says that Orpheus was such a fine musician that he made trees and stones move." "Son," said father, solemnly, "your sister Bess has Orpheus beaten. Her piano playing has made twenty families move out of this building in the last three months."

ELEVEN SPIES FOUND GUILTY

Franz Rintelen and Ten Co-Defendants Convicted in New York.

CONSPIRED TO SINK SHIPS

Each Man Is Sentenced to Eighteen Months in Federal Prison at Atlanta and Fined \$2,000—Called Murderers.

New York, Feb. 6.—Franz Rintelen, German agent, and ten co-defendants, all Germans, were found guilty by a federal jury of conspiring to destroy ammunition and food ships of the entente allies.

Each man convicted was sentenced to 18 months in the federal prison at Atlanta, Ga., and to pay a fine of \$2,000. This is the maximum penalty.

Extra Term for Rintelen.

In instances where the defendants now are serving sentences under previous convictions the present penalty will take effect when the term of the first punishment expires. This applies to Von Rintelen, who was convicted last spring of conspiracy to cause strikes in munitions plants and was given two years and six months at Atlanta.

Others convicted follow: Capt. Otto Wolpert, Karl von Kleist, Ernst Becker, Frederick Wilhelm Karbade, Eugene Reisteh, Walter Uhde, a German, and Banford Boniface and Joseph Zeffert, American citizens.

Indicted at the same time but not found by the government officers, were: Capt. Enno Bode, Dr. Karl Schimmel, Dr. Walter P. Scheel and Capt. Gustav Steinberg.

The defendants were characterized as "murderers at heart" by United States Assistant District Attorney James W. Osborne, Jr., in summing up for the government. He asked for a verdict of guilty, declaring the prosecution had proved its case.

"These men were willing to strike a neutral in the back in order to prove loyalty to the fatherland."

Plan Dastardly Crime.

Caused \$4,000,000 Loss.

Mr. Osborne added: "Let us assume that the German government knew nothing about the plot, but the fact remains that these conspirators planned this dastardly crime."

The attorney attacked the defense of some of the accused that they thought they were making bombs for a legitimate purpose and asserted that Rintelen had opened a bank account for \$508,000 in an international bank, indicating existence of a fund for the alleged conspiracy.

United States Judge Howe, in his charge to the jury, alluded to the point brought up by the defense during the trial that the Kirk Oswald was not within the waters of this federal district at the time the bombs were placed on board. If the jury found this point to be well taken, he said, the verdict should be one of "not guilty for want of jurisdiction."

The alleged conspiracy involved also the shipment of bombs to the Pacific coast to be placed on vessels sailing for the Orient. In all 33 ships valued at more than \$4,000,000 were said to have been damaged.

WADSWORTH URGES NEW LAW

Backs Bills for War Cabinet and Munitions Director.

Washington, Feb. 6.—Developments during the day promised indefinite extension of the controversy in the senate over American war efficiency and the military committee's bills for a war cabinet and munitions director.

Senator Wadsworth, a Republican committee member, delivered a prepared speech in behalf of the proposed legislation, criticizing what he described as utter lack of system and comprehensive planning in the government's war activities.

Further disclosures of the government's military program are expected when Secretary Baker reappears before the military committee for cross-examination.

Senator Wadsworth in his address declared that the system and not individuals is responsible for present conditions, which, he said, "cruelly handicap" the government and preclude businesslike team work on the part of bureau and various official organizations constituting a "conglomeration of ambitions and scattered agencies."

He insisted that a war cabinet or similar body under some other name is essential, because it is physically impossible for the president to co-ordinate the government's functions.

Senator Wadsworth denied that the legislation was designed to or would result in interference with the president's authority.

TAKES CHARGE OF SHIPYARD

Rear Admiral Bowles Takes Up Duties at Philadelphia.

Philadelphia, Feb. 6.—Rear Admiral Francis T. Bowles, managing director of the Emergency Fleet corporation, came here from Washington and assumed entire charge of the shipyard the government is erecting at Hog Island, in the Delaware river below this city. Admiral Bowles' authority also extends to the Merchants' Shipbuilding company at Bristol, Pa., and the submarine boatyard at Newark, N. J.

YOUR TIRES EXAMINED FREE.
Not that your car is jacked up for the winter it is time to have all of your tires taken off and given a FREE examination to find nail holes and cuts. Have these minor repairs made now, then when spring comes your tires will be in good shape for driving. A small hole in the rubber allows the moisture to penetrate the tire and causes blowouts. You may have a tire that by having a section, would make you a good spare tire to carry. Bring them in now and get your prices and avoid the spring rush. Then when you need your tires they will be ready.

NORWAY UNABLE TO ACT

Tells U. S. Export Policy Cannot Be Changed Without Peril of War.

Christiania, Feb. 6.—Norway's reply to the proposals from the American war trade board regarding supplies from the United States to Norway, published here, emphasizes the firm resolve of the Norwegian people and government to remain neutral.

"Norway in her commercial policy cannot break with one belligerent," the reply states "without imperiling her general neutrality."
"The Norwegian government entertains no doubts that the United States and her allies will understand Norway's difficult situation. Norway justly claims that the country should not go without bread, thus being confronted with the alternative of complete distress or an agreement that might endanger her neutral position and possibly expose the country to war which in a short time might destroy what the Norwegian people have taken centuries to build."

14,120 KILLED BY U-BOATS

Huge Number of British Noncombatants Slain During War.

London, Feb. 6.—German U-boats, according to a reply given by Andrew Bonar Law, government leader in the house of commons, have done to death 14,120 noncombatant British men, women and children.

Beautiful Bust and Shoulders

Are possible if you will wear a scientifically constructed Bien Jolie Brassiere.

The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled. It puts the bust back where it belongs, prevents the full bust from having the appearance of sagging, eliminates the danger of dragging muscles and confines the flesh of the shoulder giving a graceful line to the entire upper body.

They are the finest and most serviceable garments imaginable—come in all materials and styles: Cross Back, Hook Front, Surplice, Bandeau, etc. Bonded with "Walolin," the rustless binding—requiring washing without removal.
Have your dressmaker show you Bien Jolie Brassieres, if not stock, we will gladly send but, please, samples to show you.

Bavarian Leader Says 1,300,000 Germans Were Killed in War.

Zurich, Feb. 6.—The war has cost Germany alone 1,300,000 in dead, and as many more have been wholly or partially incapacitated. Socialist Member Segitz declared in the Bavarian diet, according to dispatches received here.

Eight German Planes Brought Down

Paris, Feb. 6.—Eight German airplanes have been shot down within the Teuton lines in air fights during the past 24 hours, the war office states.
